

Name: \_\_\_\_\_ Class: \_\_\_\_\_

## Data interpretation / representation

The following circle graph shows the proportion of gas components of the atmosphere.

1. The atmosphere is mostly composed of \_\_\_\_\_.
2. Which element makes up 78% of the atmosphere ?
3. Which element makes up 21% of the atmosphere ?
4. Name one of the **other gases** mentioned on the graph.
5. Use the information on the circle graph to draw a bar graph.

1. Nitrogen
2. Nitrogen
3. Oxygen
4. Carbon dioxide, argon
5. Use the information on the circle graph to draw a bar graph.
